

St. Patrick's Technology News

Holiday Edition

*November/December 2019 by Mr. Powers*

*5 Star Club members for October and November*

## *Upper Grades Working on Slideshows*

*3rd, 4th and 5th grade students have been putting together slideshows on Google Slides. They are also learning how to research a topic and cite their sources. This is great practice for them getting used to finding information. Many of the students created slideshows about animals, sports and pets. This a great way to communicate and create research about numerous academic topics.*

**Flipgrid**

## *Make a video using FLIPGRID*

*All students were able to make short videos about what they are thankful for and could comment on their classmates videos. This is a great way to communicate with students about certain academic topics too.*

*I hope everyone has a Merry Christmas and a Happy New Year!*
