Safe Routes to School Survey: Portland Public Schools and St. Patrick School were awarded the Safe Routes to School grant. This grant allows the community and district to work towards creating more safe places that students can walk or bike to school, or around the community. You can learn more about the grant [here](#). We want to encourage students to walk or bike to school if they are able to. In order to support this initiative we are gathering information on students that currently walk, or ride their bike to school. Please fill out [this form](#) if your student walks or rides their bike to school. These students will receive a t-shirt.
